MAV 60401 1K SEALER Color: Grey Size: Gallon	MAV 60404 1K SEALER Color: Grey Size: Quart

DESCRIPTION

1K Sealers are premium high quality, ready-to-spray, low build non-sanding primer/sealers with excellent color holdout. These products provide great adhesion to fully cured painted surfaces, treated and primed steel, properly prepared aluminum and fiberglass. 1K Sealers are fast drying and can create a uniform surface without a lot of film build. Ideal for spot & panel refinishing and can be top-coated with a variety of topcoats such as basecoat, urethane or enamel.

2K SEALER WHITE / BLACK

MAV 751B Black Gallon
MAV 741W White Gallon

ACTIVATOR FOR MAV 751B AND MAV 741W

MAV 7415 FAST Quart
MAV 7416 MEDIUM Quart
MAV 7417 SLOW Quart

DESCRIPTION

2K Sealer White/Black multi-purpose 2K sealer, with fine adhesion, has excellent flexibility and impact resistance which can increase gloss and build of topcoat. Smooth paint film and non-sanding application.

HIGH BUILD PRIMER

MAV CP41 4:1:1 High Build Urethane Primer GREY - Gallon

HARD CUPS, & LINERS

Each Kits Contain

- 20** Cup Sealing Plugs
- 50** Lids w/Built-In Fluid Strainers
- 50** Liners
- 1** Hard Cup w/Retainer Ring

The Maverick™ disposable cup system works excellent with all types of paints, primers, epoxies, and commercial coatings. Use the cup system with automotive paint basecoats, clearcoats, topcoats and primers, as well as with stains, sealers, gel coats, varnishes, urethanes, enamels, and lacquers.

The disposable spray gun cup system's outer hard cup connectors are compatible to work with all original styles of PPS series 1.0 spray gun adapters. Cannot be used with the new PPS 2.0 series spray gun adapters. An adapter is required to use the system with most spray guns (Adapter not included in Kits - Order Info Located Below)

PAINT LINER KITS

GRINDING DISCS

Versatile and general purpose metalworking disc, designed to help with a variety of applications from grinding, weld removal & finishing to blending on common metals like carbon steel. The stiff fibre backing is extremely durable, withstanding wear, while standing up to tough applications like beveling. Uses a Type R fastening system

FEATURES

- Rapidly cuts carbon steel
- Premium mineral excels at heavyweight applications such as weld grinding, beveling, and edge chamfering
- Long-lasting abrasive helps reduce cost
- Stiff fiber backing and strong resin bond provide durability and tear-resistance

MAV 63006 146MM GB
MAV 63012 292MM GB
MAV 63018 438MM GB
MAV 63036 876MM GB

DESCRIPTION

Gatorback Masking Paper 500ft is a Green Poly Coated Paper designed especially to hold out the toughest urethane paints on the market today. Economically priced per foot to compete with all other green papers. Gatorback is a Quality Paper at an Economical Price.

PLASTIC SHEETING

CLEAR PLASTIC SHEETING

MAV 5541 WHITE (12' X 400')
MAV 5543 WHITE (16' X 350')
MAV 5545 WHITE (20' X 250')

Premium Clear Plastic Sheeting exhibits extreme cling that stays where you put it! This plastic sheeting is easy to unroll the "paintable side" facing up from the self dispensing box. Great paint anchorage to eliminate flaking.

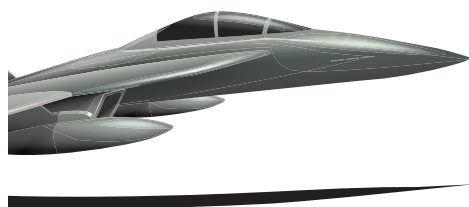

- PROTECT ANY SURFACE
- VARIOUS APPLICATIONS
- EASY TO USE
- ANTI-FLAKING PLASTIC SHEETING
- BUILT TO LAST

BLUE PLASTIC SHEETING

MAV MFB8999 BLUE PLASTIC SHEETING 16' X 350'

Our Plastic Sheeting is corona-treated and has excellent cling. It features an easy-to-open fold pattern and it comes on a standard core to fit all current plastic masking dispensers, so one person can mask the vehicle alone.
