CLEARCOATS & ACTIVATORS

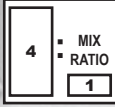

MAV 598 4:1 UNIVERSAL CLEAR - Gallon
Our most popular and top quality clearcoats which features our unique IPC Technology. Easy to use and cost competitive, this medium-solids clearcoat is productive, dries fast and is easy to sand and buff if necessary.

- MAV 59870** UNIVERSAL CLEAR FAST HARDENER - Quart
- MAV 59880** UNIVERSAL CLEAR MEDIUM HARDENER - Quart
- MAV 59890** UNIVERSAL CLEAR SLOW HARDENER - Quart

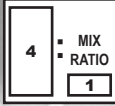

MAV AB-200 4:1 SPEED CLEAR - Gallon
The very finest speed type clearcoat offers our new IFC Special Technology that dries in a Flash. This unique technology enhances any repair shop's productivity as well as profitability. If you are looking for a fast-drying and fast-curing clearcoat, this is the one.

- MAV ABA-201** SPEED CLEAR FAST HARDENER - Quart
- MAV ABA-202** SPEED CLEAR MEDIUM HARDENER - Quart

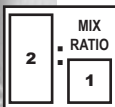

MAV 301 ULTIMATE GLOSS CLEARCOAT - Gallon
A cost effective, easy to spray clearcoat for automotive, truck and mobile equipment refinishing.

- MAV 30170** ULTIMATE GLOSS FAST ACTIVATOR - Quart
- MAV 30180** ULTIMATE GLOSS MEDIUM ACTIVATOR - Quart
- MAV 30190** ULTIMATE GLOSS SLOW ACTIVATOR - Quart

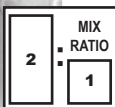

MAV 750 2:1 EURO CLEAR - 5L
Formulated for spot, panel and overall refinishing. This 2:1 "European Style" Clearcoat is the culmination of many years of clearcoat formulation experience and uses special European resin technology known as IEC.

- MAV 770** EURO CLEAR FAST HARDENER - 2.5L
- MAV 780** EURO CLEAR MEDIUM HARDENER - 2.5L
- MAV 790** EURO CLEAR SLOW HARDENER - 2.5L

MAV MVC60 CRYSTAL CLEAR - 5L
A medium solids clearcoat designed for overall and panel refinishing. Great gloss and economical price makes it a choice for all automotive production shops.

- MAV MVH 70** CRYSTAL CLEAR FAST HARDENER - 2.5L
- MAV MVH 80** CRYSTAL CLEAR MEDIUM HARDENER - 2.5L
- MAV MVH 90** CRYSTAL CLEAR SLOW HARDENER - 2.5L

OEM COLOR SPECIFIC

Factory pack basecoats are available in solid colors, metallic and pearl effects. Made from weather resistant resins, these basecoats offer high quality, great coverage and excellent adhesion power. Reduced 1:1 with quality Maverick™ reducers to achieve exceptional coverage prior to application of any Maverick™ clearcoat.

OEM QUALITY AND FINISH
AT A VALUE PRICE

POUR OFF LABELS

- MAV 41QT** QUART SIZE POUR OFF LABEL
- MAV 41PT** PINT SIZE POUR OFF LABEL

Labels for use with empty cans to pour off our factory basecoats in smaller sizes for customers. These labels are designed for use with a Dymo label #30323 4in x 2-1/8 in Labels to label color contents.

* Black and White Thermal Printed Labels also available

Great for over the counter sales!

FILLERS, PUTTIES, & GLAZES

BODY FILLER

MAV 801 GOLD LIGHTWEIGHT BODY FILLER

MAVERICK™ MAV 801 is a thixotropic and slightly fluid lightweight filler containing low density light glass fillers. With its surface spreading feature, it creates a very smooth finish without pinholes. While it provides easy application with its soft consistency, it does not flow and/or sag on inclined surfaces. It provides excellent adhesion to metal and galvanized surfaces as well as easy sanding with the use of high quality raw materials. With its flexible structure, during and after curing it provides smooth, nonsticky surfaces free from shrinkage and cracks. Suitable for both wet and dry sanding.

SEALERS & PRIMERS

1K SEALERS

 MAV 60101 1K SEALER Color: Black Size: Gallon	 MAV 60104 1K SEALER Color: Black Size: Quart
 MAV 60201 1K SEALER Color: Red Size: Gallon	 MAV 60204 1K SEALER Color: Red Size: Quart
 MAV 60301 1K SEALER Color: White Size: Gallon	 MAV 60304 1K SEALER Color: White Size: Quart
 MAV 60401 1K SEALER Color: Grey Size: Gallon	 MAV 60404 1K SEALER Color: Grey Size: Quart

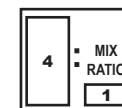

These products provide great adhesion to fully cured painted surfaces, treated and primed steel, properly prepared aluminum and fiberglass. 1K Sealers are fast drying and can create a uniform surface without a lot of film build. Ideal for spot & panel refinishing and can be top-coated with a variety of topcoats such as basecoat, urethane or enamel.

2K SEALERS

 MAV 751B 2K SEALER Color: Black Size: Gallon	 MAV 741W 2K SEALER Color: White Size: Gallon
--	--

2K Sealer White/Black multi-purpose 2K sealer, with fine adhesion, has excellent flexibility and impact resistance which can increase gloss and build of topcoat. Smooth paint film and non-sanding application.

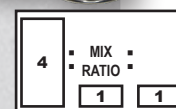

- MAV 7415** FAST ACTIVATOR - Quart
- MAV 7416** MEDIUM ACTIVATOR - Quart
- MAV 7416** SLOW ACTIVATOR - Quart

PRIMERS

MAV CP41 4:1 PRIMER - Gallon
Multi-purpose fast drying high build primer surfacer, fine adhesion between coats. Has excellent flexibility, impact resistance and good sanding properties.

- MAV CA42** FAST ACTIVATOR - Quart
- MAV CA43** MEDIUM ACTIVATOR - Quart

MAV 540 HI SOLIDS LACQUER PRIMER SURFACER GRAY - Gallon

Offers high build, fast dry times, and easy sanding to a fine featheredge. Provides great color holdout, minimal shrinkage and good adhesion to properly prepared substrates.

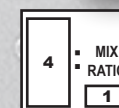

DTM

- MAV PS-612G** URETHANE PRIMER SURFACER
2.8 VOC GRAY - Gallon
- MAV PS-612Q** URETHANE PRIMER SURFACER
2.8 VOC GRAY - Quart

The ideal option for OEM applications, fleet refinish, marine and other similar industrial applications. Provides high quality, rapid sanding and excellent filling properties for covering sand scratches and other defects without pulling. Offers excellent adhesion, durability against harsh chemicals, superior chip resistance and color hold out protection.

* May be used as a Sealer

- MAV PSA-613HP** PRIMER ACTIVATOR - Half Pint
- MAV PSA-613Q** PRIMER ACTIVATOR - Quart

MAV PP-622G 1K PHENOLIC PRIMER GRAY - Gallon

MAV PP-622Q 1K PHENOLIC PRIMER GRAY - Gallon

Offers excellent protection against corrosion in most light to moderate industrial and exterior environments. It is nonlifting and exhibits very good adhesion to properly prepared ferrous metals. Offers good exterior durability for short term shop primer use. Contains lead and chromate-free anti-corrosive pigments for excellent corrosion resistance, low VOC content.

SOLVENTS & REDUCERS

SOLVENTS

MAV 9901 VIRGIN LACQUER THINNER (ECONOMY) - Gallon
MAV 9905 VIRGIN LACQUER THINNER (ECONOMY) - 5 Gallon
MAV 9955 VIRGIN LACQUER THINNER (ECONOMY) - 55 Gallon
 General Purpose Lacquer Thinner is a high quality, low cost thinner designed for the automotive industry. The #1 Seller in our Maverick™ Solvent Lineup. Not recommended for use with Urethane coatings.

MAV 10101 ACRYLIC VIRGIN LACQUER THINNER - Gallon
 Our Acrylic Virgin Lacquer Thinner is a high quality, low cost thinner designed for the automotive industry. Not recommended for use with Urethane coatings. Safe for use as a reducer with solvent based coatings and non-urethane based primers.

MAV 19001 WAX & GREASE REMOVER - Gallon
MAV 19005 WAX & GREASE REMOVER - 5 Gallon
MAV 19055 WAX & GREASE REMOVER - 55 Gallon
 Wax & Grease Remover is used for removing wax, grease, tar and other contaminants prior to body work.

MAV 19201 ACETONE - Gallon
MAV 19205 ACETONE - 5 Gallon
MAV 19255 ACETONE - 55 Gallon
 100% Virgin Solvents. Powerful thinning and clean-up solvent. Use with resins, epoxies, adhesives, fiberglass and lacquers. Fast drying - leaves no residue

MAV 12301 XYLENE - Gallon
MAV 12305 XYLENE - 5 Gallon
 Xylene is a high quality, low cost cleaner designed for the automotive industry. Thins epoxies & enamels. Stronger clean-up solvent than standard paint thinner. Use in place of Toluene for slower evaporation

MAV 128 TOP GUN SPRAY GUN CLEANER
 Rubber seal creates a high-pressure clean with PPS adapter. Comes with plastic tube for high pressure tight area spray. High power spray all the way to the bottom. Works to clean spray gun & related components; hoses, atomizing heads, spray gun adapters, and PPS hard cups, metal or plastic paint spray cups.

SOLVENTS & REDUCERS

REDUCERS

Urethane Reducers are made with 100% virgin solvents, recommended for all urethane base coats and clear coats and urethane primers if needed.

MAV 09-923036 3" GRINDING DISC 36G
MAV 09-923050 3" GRINDING DISC 50G

Versatile and general purpose metalworking disc, designed to help with a variety of applications from grinding, weld removal & finishing to blending on common metals like carbon steel. The stiff fibre backing is extremely durable, withstanding wear, while standing up to tough applications like beveling. Uses a Type R fastening system

FEATURES

- Rapidly cuts carbon steel
- Premium mineral excels at heavyweight applications such as weld grinding, beveling, and edge chamfering
- Long-lasting abrasive helps reduce cost
- Stiff fiber backing and strong resin bond provide durability and tear-resistance

MIXING CUPS

PINTS

MAV 90078 1 PINT MIXING CUP (PACK OF 100)
MAV 90079 1 PINT MIXING CUP LIDS (PACK OF 100)

These Spray Gun Adapters are high-quality and designed to be compatible with the PPS 1.0 and our Disposable Spray Gun Cup Liners and Lid Systems. Adapters allow for a seamless connection between your spray gun and the PPS system.

HARD CUPS & LINERS

Each Kits Contains:
20 Cup Sealing Plugs
50 Lids w/Built-In Fluid Strainers
50 Liners
1 Hard Cup w/Retainer Ring

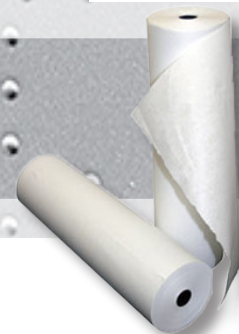

MAV 3180 DPC73802 200ML KIT
MAV 3400 DPC73804 400ML KIT

MAV 3600 DPC73809 600ML KIT
MAV 3800 DPC73808 800ML KIT

The Maverick™ disposable cup system works with all types of paints, primers, epoxies, and commercial coatings. Use the cup system with: automotive paint basecoats, clearcoats, topcoats and primers, as well as with stains, sealers, gel coats, varnishes, urethanes, enamels, and lacquers.

The disposable spray gun cup system's outer hard cup connectors are compatible to work with all original styles of PPS series 1.0 spray gun adapters. Cannot be used with the new PPS 2.0 series spray gun adapters. An adapter is required to use the system with most spray guns (Adapter not included in Kits).

MASKING PAPER

WHITE FLOURO-TREATED 750FT BOXED

MAV 66006 146MM WHITE
MAV 66012 292MM WHITE
MAV 66018 438MM WHITE
MAV 66036 876MM WHITE

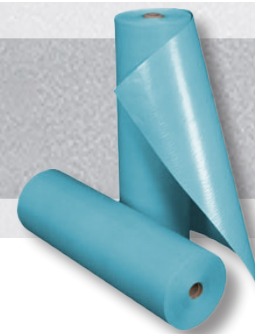

White masking paper with excellent resistance to paints, solvents, urethanes, base coats and clear coats. Little to no lint and fiber contamination. Recommended for all paint systems.

GATORBACK 500FT BOX

MAV 63006 146MM GB
MAV 63012 292MM GB
MAV 63018 438MM GB
MAV 63036 876MM GB

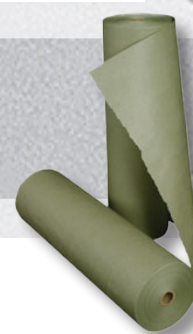

Gatorback Masking Paper is a Green Poly Coated Paper designed especially to hold out the toughest urethane paints on the market today. Economically priced per foot to compete with all other green papers. Gatorback is a Quality Paper at an Economical Price.

BLUE POLY 700FT BOX

MAV 64006 146MM BLUE
MAV 64012 292MM BLUE
MAV 64018 438MM BLUE
MAV 64036 876MM BLUE

Poly-film coating provides paint anchorage and water-resistance. Blue color provides better natural light reflection. Tough, coated and durable masking paper that stops penetration from urethane paints, solvents and water. Available in multiple sizes. Excellent solvent and water resistance.

GREEN 500FT BOX

MAV 61006 146MM 35LB
MAV 61012 292MM 35LB
MAV 61018 438MM 35LB
MAV 61024 584MM 35LB
MAV 61036 876MM 35LB

600FT BOX
MAV 61048 1219MM 40LB
1000FT BOX
MAV 61212 292MM 30LB
MAV 61218 438MM 30LB
MAV 61236 876MM 30LB

Machine finish green masking paper makes masking jobs easier. Designed to fit all hand and standard masking machines. Strong. Durable.

COLLISION WRAP

MAV 5507 COLLISION WRAP- (36" x 100')
For Damaged Vehicles & Car Windows.
Removes Cleanly

- MULTI-USE COLLISION WRAP
- STRONG AND DURABLE
- CLEAN REMOVAL
- GUARDS FROM THE ELEMENTS

PLASTIC SHEETING

MAV 5541 WHITE (12' x 400')
MAV 5543 WHITE (16' x 350')
MAV 5545 WHITE (20' x 250')

Premium Clear Plastic Sheetting exhibits extreme cling that stays where you put it! This plastic sheeting is easy to unroll the "paintable side" facing up from the self dispensing box. Great paint anchorage to eliminate flaking.

- PROTECT ANY SURFACE
- VARIOUS APPLICATIONS
- EASY TO USE
- ANTI-FLAKING PLASTIC SHEETING
- BUILT TO LAST

MAV MFB8999 BLUE PLASTIC SHEETING 16'x350'

Our Plastic Sheetting is corona-treated and has excellent cling. It features an easy-to-open fold pattern and it comes on a standard core to fit all current plastic masking dispensers, so one person can mask the vehicle alone.

MASKING TAPE

MAV 7561 3/4" Orange Tape (48/Case)
MAV 7562 1 1/2" Orange Tape(24/Case)
MAV 7563 2" Orange Tape (20/Case)

Orange Automotive Refinishing Masking Tape is designed specifically for the collision repair and refinishing industry.

- Specially formulated adhesive bonds instantly
- Special adhesive resists lifting and edge curl
- Waterproof and UV resistant for 5 days
- Withstands temperatures up to 120°C / 248°F (60 min)

ACCESSORIES

MAV 90224 3" x 4" SPREADERS (50/Box)

MAV 90225 3" x 5" SPREADERS (50/Box)

MAV 90226 3" x 6" SPREADERS (50/Box)

Reliable tools for a large range of auto body projects. Flexible edges make applying, spreading and shaping fast and easy. All spreaders are reusable, cured filler material separates cleanly and completely from the spreader surface leaving it clean and ready for the next use.

MAV 90009 DISPOSABLE MIXING PALLETS

Includes: FREE Spreader and Mixing Board w/Thumb Hole for Easy Hanging. Non-Absorbing, Disposable Mixing Pads. Save time and money when mixing! Just mix and rip off the top sheet and you're ready to mix again. 100 Sheets Per Pad

- 8.5" x 11" sheets
- Bonded on three sides
- Reduces contamination
- Prevents costly reworking
- Save money on costly clean-up and disposal

Uses:

Body Fillers	2 Part Epoxies/Adhesives
Plastics & Putties	Fiberglass Resins
Striping & Lettering	Gels

MAV 1 #1 ACID BRUSH 3/8" (144/Box)

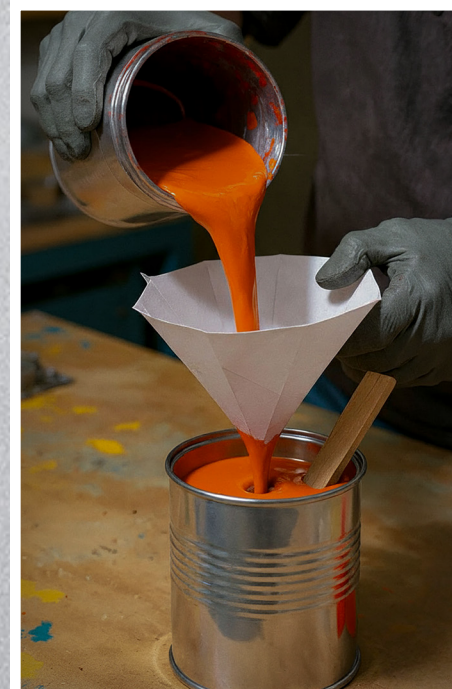

MAV 2 #2 ACID BRUSH 1/2" (144/Box)

General multi-purpose brush with short, stiff bristles and a metal handle has a wide array of uses including application of glue, stains, solder fluxes, primer, paints, and paint remover.

MAV 90001 RAZOR BLADES (100/Pack)

Heavy Duty steel back single edge razor blades, .009" / .2286 mm designed for efficiency and precision. These high-quality blades are perfect for a variety of applications including removing old paint, stickers, decals, and other adhesives. Also suitable for cutting and trimming. Fits all professional scrapers.

MAV 99908 PAINT PADDLES (1000/Case)

Made from premium wood for enhanced durability and strength. Perfect for mixing a variety of paints, including acrylic, urethane, latex, and waterborne paints. Designed to resist warping and splintering, ensuring long-term use.

MAV 90016-190 STRAINERS (1000/Case)

190 Micron Fine Mesh

These paint strainers feature a specialized cone design that effectively captures dirt, dust, and debris that could ruin your finish. The nylon mesh paint strainers ensure optimal flow while providing superior filtration for all your painting needs.
